## **National Safety Day/Week in India**

---

The National Safety Day/Week Campaign is celebrated in India every year (organized by the National Safety Council) to commemorate the establishment of this event, 4th of March as well as enhance the safety awareness among people.

National Safety Council of India is a self-governing body (non profit and nongovernmental organization for public service) which was established on 4th of March in 1966 under the Societies Act in Mumbai, having over 8000 members. It is a national movement carried out on annual basis to prevent and lessen the loss of life including various human being problems and their financial loss through availing them with safety, health and environment related support services.

It is celebrated with great enthusiasm to make aware the people about how to get prevented from the industrial accidents by exhibiting widespread safety awareness programs in the public sectors which have not been covered by any safety legislation. During whole week campaign celebration, varieties of specific activities are displayed to the people as per the safety requirements.
